THANKSGIVING IN NEW MEXICO.
First, for a healthy climate. I have been in 33 states. This is the health resort of America and in general unsurpassed.

Second, absence of severe cold and storms. I have been in the northern states from ocean to ocean. Men have gone to their work, and families to the village on a warm morning; been caught in freezing, blinding, blizzard and frozen to death in gunshot of their own house.

Third, I have seen the ruins of towns and great destruction of life and property by cyclones and lightning.

Fourth, productive soil. I have seen trees so laden with apples and peaches near Albuquerque, the limbs would not hold them and four and five cuttings of alfalfa in one season.

Fifth, cheapness of the land. I lived in Minnesota when it was a territory and have been in several other states when first settled. In hard times many left, where new farms are selling from \$100 to \$1200 per acre. This state is certain to advance. Let us all help to make it morally, intellectually and financially, a desirable place to locate and in your thankfulness invite your friends to come and see for themselves. The man who will grumble in New Mexico ought to pay a fine or go to jail.

CAPT. G. WENDEL.
